Built	2009
Material	Steel
Engine(s)	Vetus Deutz DT66E 170 hp
Price	Sold

New for sale! This neat and very well maintained Kuster A-42 "Seal". The ship was built in 2009 and is equipped with many extras. Maneuvering with the hydraulic bow and stern thruster, extra power supply through 2 solar panels and mast lowering installation through hydraulics to pass the bridges without damage. This, together with the extensive navigation system, liferaft and build-in stabilizers makes it a very comfortable and safe ship. Everything has also been thought of inside. On board you will find a.o.t. teak floors, a freezer, LG microwave, Smev oven, washmachine, underfloor heating and a bimini on the aft deck. The entire ship has flexible decks and gangways and is therefore maintenance friendly. The Kuster A-42 can be viewed by appointment in our harbor in Harlingen. Please contact 0517 391054 or send an email to info@north-line.nl
